

RECOLLECTIONS

Honoring the collectors who preserve the individuality of the transportation industry

Leigh Knudson of Costa Mesa, California has collected more than 600 truck emblems representing 130 makes of North American trucks and buses. But the rare, unique emblems are the ones that capture Leigh's imagination and spur his continued search.

Uniqueness

On our 50th Anniversary, Bandag celebrates the one-of-a-kind strengths found in the trucking industry. These unique ideas and developments are what make us grow.
