

RECOLLECTIONS

Honoring the collectors who preserve every part of the transportation industry

When you walk into Rich Morris' Indianapolis home, you quickly realize you're about to meet someone devoted to the LTL industry. This retired truck driver's 23- by 30-foot living room is filled floor to ceiling with clocks, coffee cups, calendars, clipboards, magnets, flags, paper weights, and even decks of cards – all promoting LTL trucking.

Devotion

On our 50th Anniversary, Bandag celebrates the LTL industry and its crucial role in our nation's economy. No matter what you are transporting, Bandag is proud to help you get it there on time.
